

Caring For Someone With A Mental Health Problem

Caring for Someone with a Mental Health Condition

Supporting someone who has a mental health condition can be hugely important in maintaining their wellbeing and promoting their recovery. However, it can also affect carers in many ways and can raise lots of questions.

Specialist guidance and information for carers, along with a range of other resources, is available from two national mental health organizations, Mind and Rethink:

<https://www.mind.org.uk/>

<https://www.rethink.org/>

Examples of the resources available include:

- Looking after yourself as a carer
- Detailed information on all the major mental health conditions
- Responding to unusual thoughts and behaviors
- Responding to suicidal thoughts
- The Mental Health Act and Mental Capacity Act
- Your rights as a Nearest Relative

There are a significant number of mental health services, organizations and groups in Sheffield. Current details for all these services can be found via the Sheffield Mental Health Guide:
