

## What did we achieve in 2018/19?

Our '[Summary of Achievements' 2018/19 is available to read here.](#)

In the report, we explain what we have achieved including working with 3,100 carers and reaching more carers than before, by increasing the number of carers on the register by 24%.

The achievements though go beyond numbers and statistics, so we highlight carers' experiences to illustrate the important work we do and the impact we have had.

We published this as we celebrated our 25th anniversary. We want to continue to build on our achievements and help the city as a whole become more carer-friendly over the next 25 years!
