LAC online consultation events

Book a place onto your Local Area Committee's online consultation to hear from your councillors and LACs and ask questions about your area.

It's also your chance to discuss key themes of community plans which are a result of feedback from the LAC survey last year.

We encourage you to book a place on to the LAC event for your area to ensure that you can give feedback on priorities where you live.

Find out more and book on to your LAC's event using the buttons below.
